

**Message from PCI Pres. Arlyne Reichert:**

*MAY THE HOLIDAY SEASON BRING PEACE*

It's been 100 years since the Historic Tenth Street Bridge was dedicated as a vitally important transportation link in Montana. Destined for demolition twenty-five years ago, the Bridge was saved through the efforts of the nonprofit organization Preservation Cascade Inc. Over \$1.7 million dollars have been raised through donations & competitive grants. As promised, no local tax dollars were used. We have successfully repaired, protected & illuminated the Bridge's iconic arches, reconstructed a model arch, resealed the deck, and connected the north end of the Bridge to the River's Edge Trail.

We continue to raise funds for safety railings & donor recognition/memorial panels. So far we've received \$207,000 towards our \$300,000 goal. Please attend our Annual Meeting on January 6, 2020, and mark your calendar for a once-in-a-lifetime, community-wide Centennial Celebration of our Historic Bridge on August 20, 2020.
